INTRODUCTION

This is a special focused programme aimed at improving the state of service delivery within the municipality areas of jurisdiction where basic services are rendered.

OBJECTIVES

- To involve the community especially unemployed youth with the minimum skills in enhancing service delivery
- To accelerate service delivery through an integrated approach between various service delivery directorates
- To respond to the service delivery complaints from the community and Councillors
- To utilize equipment, machinery, vehicles and human resources in an optimal way
- Inculcate a culture of pride and ownership of community members in their respective communities
